MOSAIC 1.1.3

RELEASE NOTES

1. ABOUT dCS MOSAIC

1.1 PRODUCT DESCRIPTION

dCS Mosaic is a carefully assembled collection of hardware and software modules which, when combined, provide a listener easy and intuitive access to a vast catalogue of digital music. Whether it's high resolution files on the listener's own server or an internet radio station broadcast from a distant land, dCS Mosaic removes all of the associated technical complexity and ensures that the music one loves is only a few convenient taps away.

1.2 COMPONENTS

To familiarise you with the naming convention of the Mosaic components a brief description of each is included below:

Component	Description
dCS Mosaic	<i>dCS Mosaic is the product name for the audio streaming and networked control functionality of dCS products.</i>
dCS Mosaic Control	<i>dCS Mosaic Control is the name of the new dCS unified music management and control app. It supports both iOS and Android devices.</i>
dCS Mosaic Processor	The dCS Mosaic Processor is the physical hardware component and associated software that is installed in the dCS product to provide streaming functionality.

1.3 VERSIONS

When installed, dCS Mosaic will reflect the following software versions in dCS Mosaic Control on the about page (*Settings > Support > About dCS Mosaic*):

dCS Mosaic Processor Version: 1.1.3 (506)

dCS Mosaic Control Version: 1.1.3 (119)

The dCS Product's front panel will show the following under VERSIONS:

Network: 506

MOSAIC 1.1.3

RELEASE NOTES

1.4 AVAILABILITY AND DISTRIBUTION

Version 1.1.1 of *dCS* Mosaic is available as a no-cost update for existing *dCS* customers as follows:

- Mosaic 1.1.3 will be delivered as an update to *dCS* Mosaic Control and *dCS* Mosaic Processor
- Customers will need to download an update to *dCS* Mosaic Control from either the App Store or Google Play
- Customers will need to perform a network update of their *dCS* product.

2. CHANGES

2.1 NEW FEATURES

Mosaic 1.1.3 contains no new features.

2.2 FIXES AND IMPROVEMENTS

The following changes reflect improvements to existing functionality or fixes to identified bugs.

- **TIDAL:** Updated MQA content identification process to account for recent changes in TIDAL's metadata encoding
- **Accessibility:** Improved behavior and performance of Mosaic Control with screenreaders (VoiceOver, Talkbalk, etc)
- **Playlists:** Corrected an issue in which UPnP playlist items would be associated with the wrong tracks after MinimServer library rescan (requires MinimServer 2 update 184 or later)
- **Playback:** Fixed an issue which would cause some DSD files to be skipped
- **Interface:** Fixed an issue in which tapping the search field would show / hide the keyboard
- **Interface:** Fixed an issue which caused the DISC icon to be shown incorrectly in source selection

3. GETTING SUPPORT

3.1 SUPPORT RESOURCES

If you're having trouble with dCS Mosaic or other aspects of your dCS product rest assured that there is a large network of people worldwide who are ready to assist you.

Your first line of support is always your [dCS dealer or distributor](#). Our partners are rigorously trained on every aspect of our product line so they are well-equipped to deal with most problems.

You are also encouraged to visit our community site (<https://dcs.community>) and here you will find complete documentation for Mosaic along with other FAQ, technical and support topics. This forum is actively monitored by dCS personnel and you are welcome to post in the Support area with any questions you may have.

3.2 dCS MOSAIC DOCUMENTATION

We anticipate that Mosaic will evolve quickly and this always poses a problem as it's very easy for printed manuals to become out-of-date. To address this issue we have developed an online user guide which is constantly maintained and will be kept in sync with Mosaic as the product evolves. In addition we have developed a two-page quick reference guide which will assist new users with the basics of Mosaic Control. Links to the two guides are:

Quick Reference Guide: <https://dcs.community/mosaic-qrg>

User Guide: <https://dcs.community/mosaic-user-guide>
