dCS Mosaic v1.41 & Network firmware 510

1 ABOUT

1.1 DESCRIPTION

dCS Mosaic is a carefully assembled collection of hardware and software modules that, when combined, provide a listener with easy and intuitive access to a vast catalogue of digital music. Whether it's high-resolution files stored on a listener's own server or an Internet Radio. Mosaic ensures the music and audio you love are only a few convenient taps away.

This update brings a range of improvements and support to Rossini v2.1 and Lina Network DAC v1.1 features.

1.2 VERSIONS

Network firmware	510
dCS Mosaic	1.41 (146)

1.3 AVAILABILITY AND DISTRIBUTION

Network firmware 510 will be available for dCS products with network streaming capabilities. To update, customers can check for the latest firmware via dCS Mosaic Control.

dCS Mosaic Control 1.41 will be available for all dCS customers. To update, customers can access the latest version of dCS Mosaic Control via Google Play or the App Store.

2. WHAT'S NEW

2.1 NEW FEATURES

Lina Network DAC v1.1 support

Control Lina Network DAC's volume using dCS Mosaic.

Rossini v2.1 support

Access and adjust dCS Expanse and crossfeed settings using dCS Mosaic.

HTTP Live Streaming support

User can now play HLS streams.

2.2 IMPROVEMENTS

Improvements to accessibility and installation process.

dCS Mosaic v1.41 & Network firmware 510

3. SUPPORT

3.1 RESOURCES AND ASSISTANCE

If you're having issues with any aspects of your dCS product, we have an extensive network worldwide available to assist you.

Your first line of support should always be your nearest dCS dealer or distributor. Our partners are rigorously trained in every aspect of our product line, so they are well-equipped for most issues or queries.

You can find your nearest dealer or distributor at dcsaudio.com/dealer-locator

Alternatively, you can also visit the dCS Community forum (dcs.community), where you will find complete documentation for Mosaic, along with useful FAQs and information regarding common technical and support topics. There is a dedicated Support area where you can post any questions you may have.

You may also contact the dCS support team directly by email at support@dcsaudio.com. We aim to respond to any queries by the close of the next workday.
